

Equity and Fixed Income

This booklet is a summary of useful tax information for various AllianceBernstein funds. It is intended to assist you, as an investor, in the preparation of your 2011 Federal and State tax returns. **We recommend you consult your tax advisor for assistance with how this information will impact your specific tax situation.** Whether reinvested in additional shares or taken in cash, mutual fund shareholders in non-retirement accounts are responsible for taxes on all income dividends and capital gains distributions. Income dividends and short-term capital gains are taxed as ordinary income and long-term gains are taxed at the prevailing capital gains tax rate. Market discount and swap gains, on tax-exempt bonds, are taxable as ordinary income.

AllianceBernstein Tax Forms

1099-DIV

For investors who received dividends and/or capital gain distributions in 2011.

- Box 1a Total ordinary dividends
- Box 1b Qualified dividends
- Box 2a Total capital gain distributions
- Box 3 Nondividend distributions
- Box 4 Federal income tax withheld
- Box 6 Foreign tax paid

For federal income tax purposes, the Fund's distributions of net investment income (or short-term taxable gains) will be taxable to you as ordinary income. Distributions of long-term capital gains generally will be taxable to you as long-term capital gains.

Under current tax legislation, distributions from a mutual fund may be treated as "qualified dividend income" (QDI), taxable to individuals at the reduced maximum rate of 15%, provided that the Fund satisfies certain holding period and other requirements. In addition, an individual must meet certain holding period requirements with respect to the shares of the Fund in order to take advantage of the reduced maximum 15% qualified dividend income tax rate. QDI does not generally apply to fixed income funds.

Non-Taxable Distributions

A certain portion of the dividends paid during the 2011 calendar year may have been designated as a "NON DIVIDEND DISTRIBUTION."

These "NON DIVIDEND DISTRIBUTIONS" are reflected in Box 3 of your 2011 Form 1099-DIV or substitute Form 1099. Shareholders who receive "NON DIVIDEND DISTRIBUTIONS" should reduce the cost basis of the holding by the amount of the nontaxable distribution.

1099-INT

Tax legislation requires exempt-interest dividends and those dividends subject to alternative minimum tax be reported to the IRS and the shareholder. For tax year 2011, this information is being reported on the 1099-INT form in Box 8 and Box 9, respectively.

1099-R

Please read if you authorized any of the following transactions during the 2011 calendar year:

- Recharacterization of IRA Contributions,
- Recharacterization of ROTH Conversions, and/or
- Distributions to convert to ROTH IRA

If you authorized more than one recharacterization and/or Roth conversion during the 2011 calendar year in the same fund and account:

- The total dollar value of all recharacterizations will be aggregated and shown on one Form 1099-R.
- The total dollar value of all conversions will be aggregated and shown on one Form 1099-R.

This will be consistent with 2011 reporting of recharacterizations and Roth conversions on a Form 5498 if purchased into the same fund and account.

Please refer to your 2011 year-end account statement for a detailed listing of the transactions that comprise the aggregated amount. This will assist you in properly identifying and reporting the recharacterization and/or reconversion amount that you must report on your Form 1040, IRS Form 8606, and on IRS Form 5329, if applicable.

For more information on how to report recharacterizations, excess contributions or early distributions, please refer to IRS booklets that provide 2011 Instructions for Forms 8606, Nondeductible IRAs and Form 5329, Additional Taxes Attributable to IRAs.

Form 5498

Please read if you authorized any of the following transactions during the 2011 calendar year:

- Recharacterization of IRA contributions,
- Recharacterization of ROTH conversions, and/or
- Distributions to convert to ROTH IRA

If you authorized more than one recharacterization and/or Roth conversions during the 2011 calendar year in the same fund and account:

- The total dollar value of all recharacterizations will be aggregated and shown on one Form 5498.
- The total dollar value of all conversions will be aggregated and shown on one Form 5498.

(Form 5498 will be mailed in late May.)

This will be consistent with 2011 reporting of recharacterizations and Roth conversions on a 1099-R if distributed from the same fund and account. Please refer to your 2011 year end account statement for a detailed listing of the transactions that comprise the aggregated amount. This will assist you in properly identifying and reporting the recharacterization and/or reconversion amount that you must report on your Form 1040, Form 8606, and on Form 5329, if applicable.

Additional Information

Some states and local municipalities allow taxpayers to exclude from their gross income calculation interest income dividends (but not capital gains distributions) derived from certain Federal obligations.

Included in this booklet is a schedule displaying the sources of the respective Fund's income dividends, which may be of use to you depending on the tax law prescribed within your individual state or local taxing authority. The appropriate percentages should be applied to the dividends received by you.
